Use of cookies on this site

To make this site simpler, small data files are placed on your computer. These are known as cookies. Most big websites do this too.

They improve things by:

- remembering settings, so you do not have to keep re-entering them whenever you visit a new page.
- remembering information that you've given (e.g. your postcode) so you don't need to keep entering it.
- measuring how you use the website so we can make sure it meets your needs.

The cookies on my website are not used to identify you personally. They are just here to make the site work better for you. Indeed, you can manage and/or delete these small files as you wish.

You can opt out of [Google Analytics cookies for all sites](#)

To learn more about cookies and how to manage them, visit [AboutCookies.org](#)

First Party Cookies

These are cookies that are set by this website directly.

I use Google Analytics to collect information about how people use this site. I do this to optimise meeting users' needs and to understand how I could do better. Google Analytics stores information about what pages you visit, how long you are on the site, how you got here and what you click on. I do not use cookies to collect or store your personal information (e.g. your name or address) so this information cannot be used to identify who you are. There are also cookies that store basic data on your interactions with WIX, the CMS running this website.

Third Party Cookies

These are cookies set on your machine by external websites whose services are used on this site. Cookies of this type are the sharing buttons across the site to allow visitors to share content onto social networks. Cookies are currently set by Twitter, Facebook and Google+. If you want to prevent sites setting third party cookies, please click [here](#).

Log Files

Log files allow me to record visitors' use of the site. These logs are automatically generated from all visitors to my site, which I use to make improvements to the layout of the site and to the information in it, based on the way that visitors move around it. Log files do not contain any personal information about you.

Links to other websites

My website contains links to the professional and other bodies of which I am a member, any partners, as well as other external sites. You should note, that if you click through to any of these external sites, I do not have control over that site and cannot be responsible for the protection of any information that you provide to these other websites which are not governed by my privacy policy. You should always exercise caution and look at the privacy statement of whichever website it is that you are visiting.

Policy Changes

I may review this cookies policy from time to time and any revisions will be posted on my website. Your continued use of this website will be subject to the updated policy.
